Costa del Sol, Entrerrios

This enchanting property has a huge sweeping stretch of land and a tranquil and functional pool area for those pool parties in the height of summer. The entrance is reached through a drive way and a gate and has space for several cars. The front of the house has a large terrace area which is shaded. The terrace follows around to the side of the property where you enter the kitchen. The kitchen leads through to the large living area with several areas to relax in and stairs lead up to the bedrooms. The main bedroom has a large terrace where your living space extends to enjoy those incredibly beautiful views. There is an en suite bathroom leading from the main bedroom and two more bathrooms on this level. 3 more bedrooms are located along the hallway. The theme is wooden and traditional. The house has been cared for for many years by the same owner and several loving additions added to the property. It is certainly a unique and beautiful building with so much land attached. A perfect get away or a year round country residence. Either way it would be hard to find anything as enchanting with such views of those gorgeous mountains and scenic Andalucian countryside so close to the coast. La Cala is a short 15 minutes by car. And Fuengirola only 20 short minutes away.
