## Costa del Sol, The Golden Mile

This luxury renovated duplex penthouse for sale in Jardines Colgantes presents a rare opportunity to own a modern Mediterranean residence in one of Marbella's most prestigious hillside enclaves. Located within Marbella Hill Club, just above the Golden Mile, the property combines contemporary architectural elegance with panoramic sea views and a serene, private setting.

Recently renovated to the highest standards, the penthouse is distributed across two levels and offers four spacious bedrooms, each with its own en-suite bathroom. The interiors follow a refined modern design concept defined by clean lines, premium materials, and a calm natural colour palette. At the centre of the home, a bright open-plan living area flows seamlessly into a designer Gaggenau kitchen, featuring rich wood cabinetry, polished marble worktops, and subtle microcement finishes that balance warmth with minimalist sophistication. The layout has been carefully designed to enhance both comfort and functionality, creating a harmonious connection between spaces while preserving privacy.

The primary suite is a true private retreat, filled with natural light and offering beautiful views across the Mediterranean Sea and the iconic La Concha mountain. Two additional en-suite bedrooms are equally well appointed, ideal for guests or family members seeking comfort and discretion. A guest bathroom and a practical storage room further enhance the usability of the home.

One of the standout features of this penthouse is its exceptional outdoor living space. Expansive terraces provide multiple areas for relaxation and entertaining, from sunbathing during the day to al fresco dining in the evening. Thanks to its privileged orientation, the terraces enjoy sunlight throughout the day and act as a natural extension of the interior living areas—perfectly capturing the essence of Mediterranean lifestyle living.

This penthouse in Jardines Colgantes is not only a beautiful home but also a strong lifestyle and investment opportunity. The combination of a prestigious address, modern renovation, and sweeping sea views ensures lasting appeal for buyers seeking a permanent residence or a high-end holiday home. Fully renovated and move-in ready, it delivers elegance, comfort, and quality without compromise.

The community of Jardines Colgantes, commonly associated with Marbella Hill Club, is known for its exclusivity, privacy, and low-density development. Wide, tree-lined avenues and immaculately maintained gardens create a peaceful atmosphere, while the elevated position guarantees security and spectacular views. Architectural styles in the area range from classic Andalusian villas to contemporary residences, adding to the neighbourhood's refined character.

Despite its tranquil setting, the location is exceptionally well connected. The beaches of the Golden Mile, including Playa de Casablanca and Playa de Nagüeles, are just minutes away. Renowned destinations such as Puente Romano and Puerto Banús offer world-class dining, shopping, and nightlife within a short drive. Families benefit from proximity to leading international schools including Swans International School and Aloha College, while shopping is convenient at La Cañada Shopping Centre and along the Golden Mile's luxury boutiques.

This luxury penthouse represents the very best of hillside living in Marbella, combining tranquillity, architectural excellence, and immediate access to the Golden Mile and the coast. For discerning buyers seeking a refined home in an elite location on the Costa del Sol, this is a truly exceptional opportunity.
