Set within the highly sought-after Valtocado urbanisation, just a 10-minute drive from the charming streets of Mijas Pueblo, this immaculate detached villa offers a rare blend of privacy, tranquillity and refined living. Surrounded by nature yet close to the coast, the property sits on a generous 2,100 m² plot and enjoys open views, lush landscaped gardens and a strong sense of community, with around 50% of neighbouring homes occupied year-round.

Perfectly positioned, the villa is 35 minutes from Málaga International Airport, 17 minutes from the beach and 30 minutes from Marbella, making it ideal as a permanent residence, luxury holiday home or long-term investment on the Costa del Sol.

Built to Perfection & Fully Renovated

Originally constructed in 2004 and extensively renovated in 2018–2019, the villa is presented in as-new condition. Every detail has been carefully upgraded using high-quality materials, including elegant flooring, contemporary luxury bathrooms and a top-of-the-range Schmidt kitchen. The property has been used exclusively as a private home and never rented, ensuring exceptional condition throughout.

Exceptional Outdoor Living

With a desirable south to south-west orientation, the villa enjoys sunshine throughout the day and breathtaking sunsets over the rolling hills surrounding Mijas Pueblo.

The generous pool area features an integrated heat pump, allowing comfortable swimming even during cooler months, while expansive terraces provide the perfect setting for entertaining, dining al fresco or simply relaxing in complete privacy.

The gardens are beautifully designed yet remarkably low-maintenance, featuring a delightful selection of fruit trees including lemon, orange, pomegranate and fig—ideal for owners who travel or prefer effortless upkeep.

Comfort, Security & Versatility

The villa offers 4 spacious bedrooms and 4 bathrooms, complemented by a dedicated office room, perfect for remote working or easily adaptable as an additional living or guest space.

Designed with comfort and peace of mind in mind, the property includes:

- Advanced external perimeter and internal alarm system
- Integrated persianas (full-length blinds) on all windows and doors
- Solar panels for hot water production
- Upgraded air-conditioning units and new immersion heater system

A large garage currently used as a leisure and storage area could be easily converted into an additional en-suite bedroom, creating a potential 5-bedroom home.
